I'm still working on that.

Do you have any more specifics on the kind of boiler this unit is? The ACT I sent you has some useful information on emission rates for various ICI boilers, but these are specific to control technologies, fuel, and type of boiler.

Thanks,

Hi, Emlyn,

Not yet, I am waiting Temple's response on that. Did you get any info about the FGR control efficiency?

Rahel

Hi, Rahel:

Have you been able to reach Temple-Health to figure out the max and min values for the "proposed" #6 oil emission factor?

Emlyn,

Did you get a chance to review Temple Main? I sent the attached draft on 6/5.

Thank you

Hi Emlyn,

Attached is the revised draft for Temple Main for your review and comment. I will send you Temple Health tomorrow.

Sincerely

Rahel

Emlyn,

Attached please find the revised memo for Temple for you review and comment. The emission limit for the generators came from a case by case RACT not from MACT.

Hi Emlyn,

Attached please find the revised draft for Temple Main. Temple has removed the Central Steam boiler included in the first draft, so I have removed it from the draft. I am still working on the Temple Health.

Sincerely

Subject: RE: RACT
Hi, Rahel:

For the Temple Main Campus, I thought you were providing a new memo, based on the fact that a full analysis needs to be provided since AMS cannot rely on any previous determination as it was not SIP-approved. For this reason, I had not submitted my comments. I have attached my comments.

I intended to discuss on one of our conference meetings the Temple Health Sciences RACT memo. For some reason, this got out of last agenda. My apologies! I am attaching my comments, but I recommend we further discuss this memo in our next meeting. Calculations of emissions and costs were not provided with the memo. I also have some questions on the pre- and post-change emissions comparison and other details. I also think we should discuss what should the baseline emissions be for the RACT re-evaluation of boilers #1-3.

Thanks,

Subject: RE: RACT Deadline/Meeeting-- Proposed Face-to-Face Meetings

Emlyn,

Let's go with 5/21 and 6/4. The 5/21 meeting will be in the large 1st floor conference room instead of the one on our floor.

Subject: RE: RACT Deadline/Meeting-- Proposed Face-to-Face Meetings
Good morning, AMS:

I would like to set up 2 in-person meetings to discuss any RACT issues. I'm proposing to have one meeting on the week of 5/19 and another one on the week of 6/2. Would it be OK for the meetings to take place in AMS offices? Please, see the proposed dates and confirm your availability.

Proposed Dates for Meeting #1:
5/20 (Tue) 9-11
5/21 (Wed) 9-11
5/22 (Thu) 9-11

Proposed Dates for Meeting #2:
6/2 (Mon) 9-11am;
6/3 (Tue) 10am-12pm
6/4 (Wed) 9-11am

Thanks,

Subject: RACT Deadline/Meeeting

Emlyn,

Tom Huynh accepted the morning of June 9 as a new deadline to finish up the memos. He wants us to schedule a face-to-face meeting the week before to iron out any issues that remain at that time. Please propose some dates and times during the week of June 2 that are OK with EPA.

On the phone we talked about a face-to-face meeting the week of May 19, which is OK with me if the group thinks that would be helpful. We can talk about it during our next call.
